Reg. No. 32, 834

09/425,761, as presently shortened by terminal disclaimer. Petitioner hereby agrees that any patent granted on the above-identified Application shall be enforceable only for and during such period that the legal title to such patent, to any patent granted on the second application, and to any patent granted on the third application are commonly owned. This agreement is to run with any patent granted on the above-identified Application and to be binding upon the grantee, its successors, and its assigns.

In making the above disclaimer, Petitioner does not disclaim any terminal part of any patent granted on the above-identified Application prior to the expiration date of the full statutory term, as presently shortened by terminal disclaimer, of any patent granted on the second application or any patent granted on the third application, if it: (1) expires for failure to pay a maintenance fee; (2) is held unenforceable or is found invalid by a court of competent jurisdiction; (3) is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. Section 1.321; (4) has all claims canceled by a reexamination certificate; (5) is reissued; or (6) is otherwise terminated prior to the expiration of its full statutory term as presently shortened by terminal disclaimer if any.

Documents establishing the chain of title of the above-identified Application (including the aforementioned assignments and recording locations) have been reviewed, and I certify that, to the best of my knowledge and belief, title is in Petitioner.

I declare that all statements made herein of my own knowledge are true, and that all statements made herein on information and belief are believed to be true, and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both under 18 U.S.C. Section 1001 and that such willful false statements may jeopardize the validity of the above-identified Application or any patent issuing thereon.
